

## Airesun General Lube

### Biodegradable Speciality General Lube

#### Description:

Non-toxic, 100% biodegradable, general purpose lubricating oil. Formulated from non-food-chain seed oils to provide users with a petroleum-free and solvent-free product with no sacrifice in performance when compared to other lubricating oils in the marketplace. This product is listed by the [NSF](#) as acceptable for use as a release agent (3H).

#### Instructions for use:

Airesun General Lube can be applied by hand oiling, automatic lubricators, slow speed dispensers, etc. Apply as any other typical oil, no special application methods required. This product may not be effective with certain rubber compounds, polypropylene, polyvinyl, Tyron, Plexiglass and similar materials. For these applications, try on a small hidden area before using.

#### Applications:

Lubrication of mechanical wear points (chains, conveyors, drives, journal bearings, sprockets, bearings, open bearings, etc.) for general machine lubrication.

#### Airesun General Lube has the following characteristics:

- Easy to apply, biodegradable, free of sulfur and aromatics.
- Is non-toxic, requiring no special application or handling practices.
- Contains no petroleum or CFC's and is therefore Ozone-friendly and safer to handle.
- Non-irritating to skin.
- 100% Biodegradability (100%<60 days) results in no damage to the environment.
- Excellent penetration and metal wetting for complete oil coverage.
- Drives out moisture, strong water resistance, protects from corrosion and rust.

#### Physical Properties:

Colour	yellowish, dark.	.
Viscosity Class	90	ISO VG
Viscosity at -/ +40°C	88 mm <sup>2</sup> /s	ASTM D 445
Flash-point	+130 °C	ASTM D 92
Drop-point	-18 °C	ASTM D 97
