

# Airesun Glue & Resin Remover

## Biodegradable Speciality Glue & Resin Remover

### Description:

Airesun Glue & Resin Remover is a proprietary blend of complex natural seed oils made for a variety of industry uses to remove petroleum and solvent based adhesive products, as well as natural glues and resins, from substrate. This product is listed by the [NSF](#) as acceptable for use as a release agent (3H).

### Instructions for use:

Airesun Glue & Resin Remover can be brushed or sprayed on. Typical applicators may be employed. Apply, rub into the product to be removed, and wipe off. Some forms of adhesives may require additional mechanical action such as a flat scraping tool or microfiber cloth.

### Applications:

Various formulations for use across multiple industries such as manufacturing, processing, lumber and forestry.

### Airesun Glue & Resin Remover has the following characteristics:

- Safe to handle, non-caustic & non-toxic.
- Immediately removes most adhesives from substrate.
- Nanotechnology enables quick saturation levels.
- 100% biodegradable in less than 90 days.
- Flash point +145C.
- Mitigates environmental and OHS regulatory obligations.
