Won't harm surfaces and materials.

Approved for use in food preparation facilities and meets food-grade lubricant standards.

Airesun Kitchen Degreaser has the following characteristics:

- Easy to use, biodegradable, free of sulphur and aromatics and is non-toxic, requiring no special application or handling practices.
- Contains no petroleum or CFC's and is therefore Ozone-friendly and safer to handle.
- Non-irritating to skin.
- 100% Biodegradability means no damage to the environment from accidental release.
- Flash point is over 130°C and is not restricted for transport or storage.
- Removes many tough to clean substances such as grease and grime in typical commercial kitchen environments.
- Addresses the ever-increasing environmental laws requiring companies to eliminate harsh, toxic cleaners from their present kitchen degreasing.
- Reduces the cost of safely disposing of the product after use.
- Promotes worker safety.
