

Airesun Marine Lube

Biodegradable Speciality Marine Lube

Description:

Non-toxic, non-caustic 100% biodegradable, marine-safe cleaner with no inherent harmful effluent.

A superior marine lubricant formulated from various processed seed oils and completely petroleum / graphite free and solvent-free product providing excellent lubricant qualities when compared to other marine lubricants in the market.

This product is listed by the [NSF](#) as acceptable for use as a soluble oil (H3).

Instructions for use:

Apply to surface as needed, waterless.

Apply by spray or drip onto the affected surface.

Metal surfaces will release oxidized surfaces with minimum of effort.

This product may not be recommended for use with certain rubber compounds, polypropylene, polyvinyl, Tyron, Plexiglas and similar materials. For these applications or for over-spray on such surfaces, rinse affected surface with warm soapy water to remove Marine Cleaner, or simply try on a small hidden area before using.

Applications:

Among its' many uses: lubricates wire ropes, plain cargo winches, bearings, open gears, marine moorings and ramp door bearings, pedestal bearings, cargo hatch rollers, and any other slow / medium speed marine deck applications.

Airesun Marine Lube has the following characteristics:

- No VOC's.
- Ingestion through skin is harmless. Non-irritating to skin.
- 100% Biodegradability (95% in 35 days, 100% in 60 days). Will not contaminate the environment.
- Flash point is over 130°C and is not restricted for transport or storage.
- Provides an adherent lubricant with very little discharge.
- Applies directly to affected areas by drip or spray.
- Laboratory tested and certified as non-toxic and acceptable for use in food establishments.
