

Airesun Parts Wash Degreaser

Biodegradable Speciality Parts Wash Degreaser

Description:

Non-toxic, 100% biodegradable, machine and parts degreaser / cleaner.

Formulated from seed oils to provide users with a petroleum-free and solvent-free product with no sacrifice in performance compared to other degreaser/cleaner in the marketplace.

This product is listed by the [NSF](#) as acceptable for use as a release agent (3H).

Instructions for use:

Apply as any other degreaser/cleaner, no special application methods required.

Apply directly or use as a parts bath solution.

Apply, rub into material to be removed, wipe off with clean cloth.

This product may not be recommended for use with certain rubber compounds, polypropylene, polyvinyl, Tyron, Plexiglas and similar materials. For these applications, rinse with warm soapy water after use. Best to try on a small hidden area before using.

Applications:

Heavy machinery repair, parts bath, automotive repair, industrial, and marine uses for degreasing and cleaning of various surfaces. Meets standards for use in food processing facilities. Works on all metals.

Airesun Parts Wash Degreaser has the following characteristics:

- Easy to use, biodegradable, free of sulfur and aromatics and is 100% non-toxic.
- Requires no special application or handling practices.
- Contains no petroleum or CFC's and is ozone-friendly and safer to handle.
- Non-irritating to skin.
- 100% Biodegradability means no damage to the environment from accidental release into soil or water.
- Flash point is +130°C and is not restricted for transport or storage. Lifts grease, petroleum-based lubricants, ink and grime from surfaces.
- Addresses the ever-increasing environmental laws requiring companies to eliminate harsh, toxic cleaners from their manufacturing processes and operations.
- Safest product on the market for workers to use, no special equipment or coverings required.
- Reduces the cost of safely disposing of the product after use.
